SCIENCE & APPLICATIONS OF THIN FILMS,
CONFERENCE & EXHIBITION

SATF 2016

CONFERENCE TOPICS

Science of Thin Films and Quantum Effects
Theory of Structure, Surface and Interface
Thin Film Growth & Epitaxy
Nanostructured Growth
Optical, Optoelectronic and Dielectric Coatings
Organic Thin Films
Thin Films in Biology
Superconducting Thin Films
Thin Films in Photovoltaic Cells and Energy
Metallurgical Coatings
Applications of Electrochemical and Electroless Depositions
Advances in Deposition Techniques
Characterization and Instrumentation
Large Scale Coating and Industry

IMPORTANT DATES

Early Registration Begins : January 1, 2016
Abstract Submission Begins : February 15, 2016
Abstract Submission Deadline : April 22, 2016
Announcement of the Accepted Abstracts : May 1, 2016
